

February 24, 1978

LB 198 A

SENATOR MAXEY: Mr. President, Mr. President.

PRESIDENT: Yes.

SENATOR MAXEY: Senator Fowler has some new information to add to this A bill on 198, please.

PRESIDENT: Then we are going to take up the A bill?

SENATOR MAXEY: Yes.

PRESIDENT: All right.

SENATOR FOWLER: I visited with the Fiscal Office. They said that since the Committee amendments had been adopted they will send up a new Fiscal Note and an amendment. Suggest just that we adopt or advance the A bill as it originally was and then we will have the correct amendment on Select File, so I would suggest that we advance the A bill as is with the understanding there will be a new Fiscal Note and an amendment offered on Select File.

PRESIDENT: Senator Fowler.

SENATOR FOWLER: Senator Keyes has a question.

PRESIDENT: Senator Keyes.

SENATOR KEYES: Yes, I would like to ask Senator Maxey. Senator Maxey, where is the money coming from, this two hundred and some odd thousand dollars that we are going to come up with?

SENATOR MAXEY: It is coming from the General Fund.

SENATOR KEYES: Would you object if I put an amendment on the bill to bring it out of the University's retirement fund and let those people that are working for the University contribute to the retirement of their predecessors instead of the people of the State of Nebraska?

SENATOR MAXEY: Senator Keyes, I would have to look at that amendment and check with the people who brought me the amendment first. Then I could get back to you.

SENATOR KEYES: Just so everybody on the floor of this Legislature knows I am going to have the amendment to take it out of the teacher's retirement fund, the University retirement fund so that those people who are today working for the University will realize that they are going to help to pay for the retirement of those that were working for the University when we didn't have such good salaries and good wages as they receive today.

SENATOR MAXEY: Mr. President, I ask to move 198 A to advance to E & R Initial.

PRESIDENT: All right. Record your vote. Record.

CLERK: 25 ayes, 1 nay to advance the bill, Mr. President.

PRESIDENT: The bill is advanced.

CLERK: May I read a couple of things, please. Mr. President,
